All of the articles in this proceedings volume have been presented at the 1<sup>st</sup> ICHSE during 12<sup>th</sup> – 13<sup>th</sup> October 2023 in *Bandar Lampung*. These articles have been peer reviewed by the members of the *Volume Editors* and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

### 1. REVIEW PROCEDURE

The reviews were *Double Blind*. Each submission was examined by 2 reviewer(s) independently.

*The conference submission management system was using Wordpress Plugin, WP Abstract.*

The submissions were first screened for generic quality and suitability. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers.

Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance or rejection of a revised manuscript was final.

### 2. QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions Pertinence of the article's content to the scope and themes of the conference;
