All of the articles in this proceedings volume have been presented at the *ICEIS'2024* during *June 26-27, 2024* in *Aflou, Algeria*. These articles have been peer reviewed by the members of the *ICEIS Conference Scientific committee* and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1. REVIEW PROCEDURE

The reviews were *single-blind*. Each submission was examined by *03* reviewer(s) independently.

The conference submission management system was MS CMT

The submissions were first screened for generic quality and suitableness. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the three reviewers. At the end of the review process 28 papers where accepted out of 105 received submission

The acceptance or rejection of a revised manuscript was final.

2. QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions
