*Editor-in-Chief of the 6th International Conference on Applied Economics and Social Science (ICAESS). Email: icaess@polibatam.ac.id

All of the articles in this proceedings volume have been presented at the 6th International Conference on Applied Economics and Social Science (ICAESS). During 1-2th October 2024 in Batam, Indonesia. These articles have been peer reviewed by the members of the ICAESS reviewer and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1. REVIEW PROCEDURE

The reviews were double-blind. Each submission was examined by at least 2 reviewers independently. The conference submission management system was EDAS Conference and Journal Management System.

The submissions were first screened for generic quality and suitability. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers. Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance or rejection of a revised manuscript was final. In addition, all accepted manuscripts have undergone a review process in accordance with predetermined standards. Accepted articles are only those that have passed the final presentation phase at this conference.

2. QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

1. Pertinence of the article's content to the scope and themes of the conference;
2. Clear demonstration of originality, novelty, and timeliness of the research;
3. Soundness of the methods, analyses, and results;
